**CURRENCY QUESTION**

H. H. Hanna Interviewed on the Proposed Monetary Commission.

**TO ESTABLISH HEADQUARTERS.**

It is the Desire of the Committee That Congress Authorize the Appointment of a Commission at This Session—Secretary Gage and the New Tariff Law. President McKinley Gives a Dinner.

WASHINGTON, April 3.—Eleven of the 15 members of the executive committee appointed by the Indianapolis monetary convention last January have been in the city for several days. That convention, composed of business men delegated by the boards of trade of 100 cities, decided to urge a commission to investigate the banking and currency laws with a view to their early revision, and the executive committee have decided to establish headquarters here in an endeavor to procure from congress such legislation at this session as will empower the president to appoint a committee to consider the subject before the regular session of congress convenes in December.

The headquarters will probably be in charge of H. H. Hanna of Indianapolis, one of the prime movers in the convention. The members of the committee have conferred with public officials and members of congress with regard to this matter and they have met with no discouragement, although the situation relative to the tariff makes it of paramount importance that the fate of the bill in the senate should not be delayed or jeopardized. Mr. Hanna in an interview last night said in part: The real work which the committee has been appointed to do is to organize public opinion of citizens of each congressional district in favor of specific remedies to be enacted into law. The readiness to undertake this work is the particular feature of this movement, which differentiates it entirely from any similar movement. The committee recognizes that there has not been, at any time, a general agreement among organizations of business men even, much less among citizens generally, all of whom are vitally affected. To procure such an agreement will, it is believed, be of the greatest service to congress, which is necessarily dependent for legislation upon such questions, upon some well defined public demand.

The conclusions the committee have reached are: First that an act be promptly introduced in both houses providing for the appointment by the president of a monetary commission of 11 members, which shall, as soon as it may be possible, after the constitution and appointment thereof, enter upon a thorough and comprehensive consideration of the currency and banking affairs of the United States and the laws relating thereto, and no limit be placed upon the scope of such inquiry, or the manner of conducting the same. The commission shall make within four months after the date of their appointment, and not later than Oct. 1, 1897, a concise and exact report of their deliberations, conclusions and recommendations, covering the subject matter considered by them accompanying the said report with the proper bill or bills to carry their recommendations into effect.

The judgment of the executive committee is that the very early appointment of such a commission is of the first importance to the successful accomplishment of its work. It will be the purpose of this committee to see that the report of this commission is made the subject of study and action thereupon by the merchants, farmers, manufacturers, bankers, laboring men and all business and commercial interests. It is the further judgment of this committee that the simple fact of the appointment of such a non-political representative commission would have an immediate and important effect in aiding the restoration of confidence throughout the country.

**CIVIL SERVICE RULES.**

Secretary Gage May Ask McKinley to Revise Them as to His Department.

WASHINGTON, April 3.—Secretary Gage has under consideration the question of recommending to the president an amendment to the civil service rules allowing more discretion than is now given him in the appointment of a supervising architect of the treasury, and others of similar character, where it is believed the office is of too much importance to be subject to the ordinary civil service rules. The position of supervising architect is now in the classified service and, although of greater salary and importance than some filled by presidential nominations.

**Ask Your Doctor!**

Of all the nerve-tonics—bromos, celerics or nervines—your doctor will tell you that the Hypophosphites are best understood. So thoroughly related is the nervous system to disease that some physicians prescribe Hypophosphites alone in the early stages of Consumption. Scott's Emulsion is Cod-liver Oil, emulsified, with the Hypophosphites, happily blended. The result of its use is greater strength and activity of the brain, the spinal cord and the nerves.

can be filled only by the reinstatement of a discharged soldier or sailor, the transfer or promotion of some one now in the service or by competitive examination through the civil service commission.

**President Gives a Dinner.**  
WASHINGTON, April 3.—President McKinley gave a dinner of 27 covers at the white house last night, the guests including the present and past members of the ways and means committee of the house now in congressional life and a few others. The occasion gave an opportunity to the president to renew in a social way the friendships formed while a member of the house as a number of those present were his associates in that body during his congressional career.

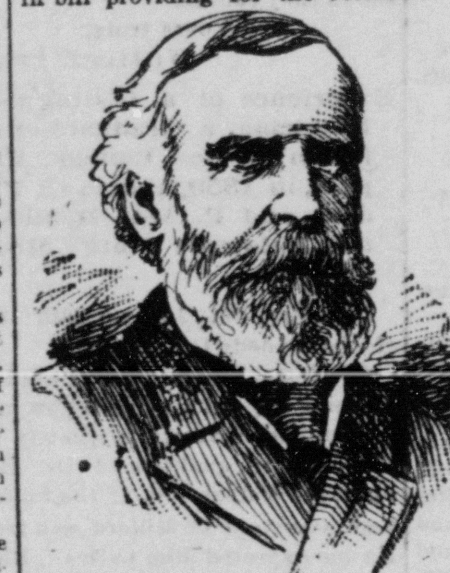

**Working on the Tariff Bill.**  
WASHINGTON, April 3.—The Republican members of the senate committee on finance are continuing their work day and night on the tariff bill with the intention of reporting it to the senate at the earliest possible day. There is a well defined impression about the senate that the bill will be generally remodelled and the rates considerably reduced in many of the schedules.

**Rear Admiral Retired.**  
WASHINGTON, April 3.—The former order placing Rear Admiral Ramsay, chief of the navigation bureau, on the retired list, was issued yesterday from the navy department.

**WILL RETAIN SAMPLES.**

Secretary Gage Will Comply With Certain Provisions of the New Tariff Law.

WASHINGTON, April 3.—Secretary Gage yesterday announced that he had decided to comply with the requirements of Section 27 of the pending tariff bill providing for the retention of

SECRETARY GAGE.

samples of merchandise imported under orders given subsequent to April 1 and which were not purchased and directed by the owner to be shipped for import into the United States prior to April 1.

This action, however, will be taken under section 249 of the revised statutes, which authorizes the secretary to exercise superintendence over the collection of customs duties. It is the opinion of Secretary Gage and the new assistant secretary, Mr. Howell, that no insurmountable difficulties will be encountered in the administration of this feature of the tariff bill. There can be no difficulty, it is said, as to articles which are to pay a specific duty, and as the whole tariff bill was framed with a general view to specific rather than ad valorem duties, a large proportion of the dutiable articles will be disposed of without the necessity of retaining samples. In some special cases, where the retention of samples would obviously work hardship to the importers, such as a large and miscellaneous invoice of furniture, it is thought that this requirement may be waived on a clear stipulation as to character and value. The new regulations will shortly be promulgated.

**Resigned the Secretaryship.**

WASHINGTON, April 3.—General William M. Osborne of Boston, recently appointed consul general to London, last night resigned the secretaryship of the Republican national committee, Senator Hanna, as chairman of the committee, appointed Major Charles Dick of Akron, O., to fill the vacancy.

**WATER FAMINE IN CUBA.**

Water Rations of Prisoners and Sick Reduced on Account of Scarcity.

HAVANA, April 3.—There is a great scarcity of water at Santiago de Cuba and the authorities there have been compelled to reduce the water rations of the prisoners and sick persons in the jails and in the hospitals. A merchant of this city named Michelson has ordered a Philadelphia steamer, bound for Santiago de Cuba to load minerals, to carry water there for the thirsty residents. Four hundred casks of water arrived there as ballast on the steamer Erndale and thousands of persons gathered about the wharf in order to obtain some of the water.

**Sanguily Going Back to Cuba.**

JACKSONVILLE, Fla., April 3.—Julio Sanguily has arrived here. He was secretly brought into the city by the Cuban junta. He is now in hiding, and the Cuban leaders profess to know nothing of his whereabouts.

It is well known that he is here, but Spanish spies are on his trail, and to throw them off the scent he is kept in secret. He is bound for Cuba. It is said that he will take command of Rivera's forces. He is expected to sail Sunday.

**General Rivera to Be Tried in Havana.**  
MADRID, April 3.—General Ruis Rivera and Colonel Bacallao, his chief of staff, will be taken to Havana for trial before an ordinary court martial. The government so directs. It is not at all likely that the death penalty will be imposed upon either.

**C. B. Bullen Dead.**

ST. LOUIS, April 3.—C. B. Bullen, president of the National bank of the Republic of St. Louis, died here yesterday afternoon of pneumonia. Mr. Bullen was a native of Kentucky and had been president of the National Bank of the Republic since 1892. He was an officer of the National Bankers' association.

**RUSHING OF WATERS**

Situation Along the Mississippi From Cairo Down Again Becomes Acute.

**HELENA'S DANGEROUS POSITION.**

Greenville, Miss., Surrounded and Rose-dale Ten Feet Under Water—More Breaks in the Levee Anticipated—Condition at St. Louis and Alton—Floods in the Northwest.

MEMPHIS, Tenn., April 3.—The flood situation has once more become acute from a point a few miles above Austin, Miss., as far down as the first break at Perthshire, Miss., and a crevasse in this line of levees would not be surprising. The pressure on the levee is brought about by the waters of the St. Francis basin which is here congested between the levees in front of Helena. There is no levee on the Arkansas side down to Sans Souci, to a point above Helena, a distance of 100 miles and it is at Austin that the levee system on each side of the river begins and goes to the passes below New Orleans. The waters are now so high in the St. Francis basin that the current rushes from the west and cuts along the east shore levee for miles and several floating telegrams were received from near Austin and the situation is most grave. Boats have been requested to run on slow bells and laborers are constantly strengthening the embankments. A crevasse at Austin would inundate a strip of fertile country 20 miles wide and 60 long.

Reports from Helena, Ark., show that the river there is still slowly rising and it is almost miraculous that the levees at Helena have not been swept away. Thousands of people have been working day and night and their energies are seemingly exhausted. The Missouri Pacific and Cotton Belt roads have rushed trainload after trainload of sacked sand into the beleaguered city and still stand ready to help the Helena people. The railroads have rendered great assistance to the levee boards.

Greenville is on an island and Rose-dale, Miss., is in water from five to 10 feet deep. The funds of a bank in Rose-dale have been moved to the second story. Back of Rose-dale and throughout the lower and middle delta country everything is under water. In many villages no communication with the outside world has been had for several days. The threatened rise at Cairo is now a certainty. The Mississippi above Cairo and the Cumberland and Tennessee rivers will send a great flood into the already filled St. Francis basin and from Cairo to Memphis, it is feared, that the deluge will mark a high water figure that will be without a precedent.

At Memphis the river was steadily falling last night. The calls for assistance from numerous points along the river are becoming more and more frequent at headquarters of the relief committee. The committee is in receipt of information to the effect that there are some 15 or 20 white people, principally women and children, in great distress at a point near St. Clair's landing, about 15 miles up the river, which is about six miles from Mound City. These people are located in houses, the lower floors of which are overflowed and they have no food and no means of obtaining it.

**Situation at St. Louis.**

ST. LOUIS, April 3.—The recent heavy rains are having an effect on the streams tributary to the Mississippi and Missouri rivers in Iowa, Illinois, Missouri and Kansas. As a result they are pouring torrents into those rivers and flooding the low lands through which they flow, causing considerable damage but, as far as known, no casualties. Weather observer Frankfield has warned people on this side of the river and in East St. Louis whose places are in danger of being flooded that the danger line will be reached within the next 24 hours. In addition to the warnings were also sent to Clarksville, Canton, La Grange and Louisiana, Mo.; and Quincy, Alton and Grafton, Ill., apprising them of the expected rise. Mr. Frankfield says the two points where the greatest danger will exist are Hannibal, Mo., and Quincy, Ills.

THE KISS OF DEATH.

Consumption is abroad in the land and death may lurk in a kiss. Of course it is absurd to suppose that as long as love rules the world, people will stop kissing. That leaves only one protection against consumption.

If the blood is pure and the tissues sound and healthy, the deadly germs of consumption are harmless. Dr. Pierce's Golden Medical Discovery is the great blood-purifier and tissue builder. It makes the liver active, the digestion perfect, and the appetite keener. It drives out all disease germs and builds solid, healthy flesh. There is another and graver danger that threatens woman in the marital relation. It is the peril that attends maternity. No woman can safely become a mother who suffers from weakness or ill-health of the delicate organs that bear the burdens of child-bearing. Dr. Pierce's Favorite Prescription robs maternity of its unnatural terrors. It makes a woman strong and vigorous where she most needs strength and vigor. It banishes the annoyances of the period of anticipation and makes the little stranger's advent easy and almost painless. Good druggists sell both the "Golden Medical Discovery" and the "Favorite Prescription" and will not try to substitute inferior preparations.

"I suffered with a bearing down pain in my pelvis and a hurting in my back and loins, especially whenever I exposed myself or took cold," writes Mrs. T. L. Cunningham, of Weir, Choctawhatchee, Okla. "I took Dr. Pierce's Favorite Prescription and 'Golden Medical Discovery' for three months and am now strong and well and all my bad feelings have disappeared." Billions attacks and constipation are surely, speedily and permanently cured by Dr. Pierce's Pleasant Pellets. They regulate and invigorate stomach, liver and bowels. One little "Pellet" is a gentle laxative, and two a mild cathartic. They never gripe. An honest druggist will not offer a worthless substitute for profit's sake.

**ROYAL**

The absolutely pure  
**BAKING POWDER.**

ROYAL—the most celebrated of all the baking powders in the world—celebrated for its great leavening strength and purity. It makes your cakes, biscuit, bread, etc., healthful, it assures you against alum and all forms of adulteration that go with the cheap brands.

ROYAL BAKING POWDER CO., NEW YORK

**UNDER FOREIGN OFFICERS.**

German Have Charge of Mobilizing Turkish Forces on Greek Frontier.

CONSTANTINOPLE, April 3.—It is stated on undoubted authority that the efficient manner in which the Turkish forces were mobilized on the Greek frontier is due to German officers, and it is added that all the plans of campaign intrusted to them to carry out have been prepared by able strategists in Berlin. The greatest confidence therefore, is felt in military circles here, as to the outcome of any conflict between Turkey and Greece.

In official circles it is declared that a direct agreement between Turkey and Greece would be hailed with the greatest satisfaction by the British government.

According to a telegram received by the Turkish government, the Armenian revolutionists abroad intend to cause the resumption of rioting in Anatolia, about the middle of April when the snows are melted. This is an intimation that further massacres may be looked forward to at about the same time.

The bishop of Cana has sent a message of fervent appeal to the Christian peoples of Europe, imploring them to compel their government to stop bombarding and to cease opposing the unanimous desire of Christians to escape tyranny by a union with Greece.

**Greek Ports to Be Blockaded.**

ATHENS, April 3.—It was reported here last night that the Greek government has been notified semi-officially that a blockade of the Greek ports will be enforced within three or four days.

**BRADSTREET.**

Improvement Noted in General Trade Notwithstanding the Floods.

NEW YORK, April 3.—The course of general trade shows some improvement notwithstanding an almost complete stoppage of business in the south Mississippi valley by washouts, overflows and floods. The condition of the country roadways throughout the central western states and the northwest is such as to still further delay collections and check demand from interior merchants. Another drop is recorded in prices of Bessemer pig iron and steel billets, and in wheat, flour, coal, coffee and lard, which is, in part, offset by increased activity and higher prices for wool and for woolsens, for corn, oats, sugar and petroleum. A heavy movement of fertilizers is reported in the south Atlantic states; interest in lumber and shingles has increased on the northwest Pacific coast and Galveston is exporting cattle to Europe direct. The most favorable trade reports are from Northwestern spring wheat states.

**Movement of Warships.**

SAN DIEGO, Cal., April 3.—The flagship Philadelphia will sail tomorrow for Honolulu and everything is being rushed aboard her in the way of supplies. The Adams sailed yesterday for Magdalena bay. The Albatross has orders to sail Monday to Catalina Island for fish commission work and the revenue cutter Corwin has orders to join the Bering sea patrol in Alaska and will sail this month.

**L. S. Cash Dead.**

OAKLAND, Ills., April 3.—L. S. Cash is dead. He was widely known, being for 22 years president of the Oakland National bank. He accumulated a large fortune, owning nearly 2,000 acres of fine land in this vicinity at his death, besides considerable bank stock and other property. He was a prominent member of the Methodist Episcopal church.

**Lievel on the Hearse.**

NICHOLASVILLE, Ky., April 3.—As the hearse which carried Betsy Carter to the cemetery and the hack bearing the chief mourners were being driven up Main street two deputy sheriffs stepped out and levied on the vehicles for debt. The strange incident attracted a large crowd before the vehicles were allowed to proceed.

**Bank Suspends.**

MORGAN, Tex., April 3.—The bank of the firm of John C. Tandy & Co., this city, has closed its doors. Assets and liabilities not given. It is believed the depositors will be paid in full, as Mr. Tandy is also president of the banking firm of Tandy, Patterson & Co. of Cameron, Tex.

**Sugar Refineries to Start Up.**

PHILADELPHIA, April 3.—Owing to strong condition of the refined sugar market by Monday every refinery in the city will be running with a full force on regular time, which means employment of about 2,000 persons.

**Rivers in the Northwest.**

WOONSOCKET, S. D., April 3.—This town is inundated by the overflow of the Big Sandy. The water is dammed up in the river by ice gorges and is flowing over the prairie, doing much damage to farm property. Many houses in town have been abandoned.

At Pierre the Missouri river is falling but a gorge is reported above town. Yankton reports another 2-foot rise in the James. The Great Northern trucks from Yankton to Sioux Falls are under water two feet deep. Vermillion reports the Vermillion and Missouri rivers rising rapidly.

**At Alton, Ills.**

ALTON, Ills., April 3.—The danger line in the Mississippi was reached last night. Rivermen predict a further rise of five feet, but the signal service does not agree with them, predicting only two feet of higher water. Should the rivermen's prediction prove correct, much damage will be done. One family was rescued yesterday from a perilous position at Scotch Jimmie's island.

**Arkansas Twister.**

WARREN, Ark., April 3.—A cyclone passed over the southern portion of Cleveland county destroying 12 or 15 county residences and wounding 10 or 15 persons. Will Shirley was killed and others are seriously injured.

**Want Fitz and Corbett to Fight.**

BOSTON, April 3.—A syndicate of wealthy patrons of sport has subscribed a purse of \$15,000 for a 20-round contest between Corbett and Fitz. Corbett, to take place in New York at a date to be agreed upon. The plan, as arranged, is to place the entire purse in the hands of a well known Boston newspaper man with full power to act, and if the syndicate fails to pull off the contest at the time and place selected, the whole amount is to be forfeited.

**MOTHER!**

The sweetest and the most expressive English language and the one about which the most tender and holy recollections cluster is that of Mother—she who watched our tender years; yet the life of every Expectant Mother is beset with danger. Mother's Friend assists Nature in the change taking place that the Mother is enabled to look forward without dread or gloomy forebodings to the hour when she experiences the joy of Motherhood. Its use insures safety to the lives of both Mother and Child, and she is left stronger after than before confinement.

Sent by Mail, on receipt of price, \$1.00 per bottle. Book to "Expectant Mothers" will be mailed free on request, to any lady, containing valuable information and voluntary testimonials.

## Dr. Miles' Nervine Triumphs.

Excessive Nervousness from Childhood.  
La Grippe Brings on Heart Weakness.

REV. B. P. SEAREY, pastor M. E. church, Buchanan, Ga., writes Dec. 10, 1896: "In childhood I was afflicted with excessive nervousness, which, almost developed into St. Vitus dance. I gradually recovered, but at college it gradually grew worse. Close study aggravated the trouble; any unusual exertion caused trembling all over. In 1890 I had a severe attack of La Grippe which brought on heart weakness. I had been almost constantly under treatment for nervous troubles, and changed climates frequently without avail. Last February I began taking Dr. Miles' Restorative Nervine and Nerve and Liver Pills and since then I have been studying more and working harder than for years and the good effects that have resulted seem to be permanent." Dr. Miles' Remedies are sold by all druggists under a positive guarantee. First bottle sent free, and money refunded. Book on Heart and Nervousness free to all applicants. DR. MILES MEDICAL CO., Elkhart, Ind.

## THE ENDEAVOREES.

Many More Delegates Present Today—Sessions Last Night and Today.

The numbers of Endeavorers in Seymour today is much greater than yesterday. Many more delegates arrived yesterday evening and this morning, so that all the sessions today were well attended. The program is being carried out almost as prepared.

The session at the Presbyterian church last night was largely attended. After music and devotional exercises conducted by Miss Myrtle Jones, of Columbus, Rv. M. H. Appleby, pastor of the North Indianapolis Methodist church delivered an address on "Christian Endeavor and the Kingdom of God." The address was very interesting and profitable to all present. Rv. Appleby is a good thinker and a pleasing speaker.

The meetings today are being held at the Christian church and all well attended. In the absence of Rev. F. C. Hogg the devotional exercises this forenoon were conducted by Miss Jennie Masson of Indianapolis. With the exception of the "The Papers on Missions," to have been read by Miss Josie Sandy, of North Vernon, who was absent, the program was carried out as prepared.

At the noon hour all the visiting delegates went to the Presbyterian church where a bountiful dinner was served by the endeavor societies of the Christian and Presbyterian churches.

The session this afternoon was largely occupied by the Juniors, and was in charge of Miss Bessie Patrick, district superintendent. The session was one of the most interesting of the convention. A large number of Juniors were present from Columbus, North Vernon, Brownstown and other societies in the district.

The officers elected for ensuing year are O. P. Sprong, North Vernon, district secretary; Miss Bessie Patrick, Seymour, district Junior Superintendent. The county secretaries chosen are Miss Martha Miller, Jackson county; Miss Sadie Adams, Bartholomew, and Miss Alice Wagoner, Jennings county.

The place of meeting next year was left to the executive committee.

Deafness Cannot Be Cured.  
By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out, and this tube restored to its normal condition or hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Props. Toledo, O. Sold by druggists, 75 cents. Hall's Family Pills are the best.

Death of Miss Newby.  
We are called on to announce the death of Miss Winifred S. Newby, who died at 12 o'clock Friday night, April 2, 1897, with spinal trouble, aged 16 years. She was the daughter of Samuel Newby, and was born April 2, 1881. She was stricken down in July, 1892, and she lost her eye sight in May, 1894. She was a patient sufferer from the beginning of her affliction and always manifested a wish to have her sight restored. She was a mold little lady and was held in the highest esteem by all that knew her. She united with the Baptist church March 22, 1896. Her parents have the sincerest sympathy of their large circle of friends. The funeral will take place from the Baptist church at 3 o'clock tomorrow afternoon. All friends of the family are invited.

A Sinecure Office Abolished.  
The board of control for the central hospital for the insane has agreed to abolish the office of attorney for the board at its next meeting. The agreement is reached at the suggestion of the governor who believes the attorney general can attend to the legal business of the board.

For Catarrh Hay-Fever Cold in Head

ELY'S CREAM BALM is a positive cure. Apply into the nostrils. It is quickly absorbed. 50 cents at Druggists or by mail; samples 10c. by mail. ELY BROTHERS, 56 Warren St., New York City.

## BUSINESS NOTES.

The wheat elevators at the Blush mill are being repaired.

French Ragsdale, of Columbus, is in the city today on business.

W. H. Murray, of Crothersville, came up this morning on business.

William Riley, of Reddington, went today to Orange county to work.

Ewing Stillwell and wife came up last evening on business and to shop.

Henry Herman, of Brownstown, went today to Crothersville on business. Councilman James DeGolyer drove today to the county seat on business.

B. C. Lott, the mole merchant of Surprise, came to the city today on business.

L. F. Brannan and Sheriff Clark came up this morning from Brownstown on business.

John G. Willkom has just purchased a lot of fine Jersey cows and he will soon supply our people with plenty milk and butter.

Charles Steine, of the Buckeye Brewery, Cincinnati, who has been here on business and to visit Albert Myers, returned home last night.

Taskey & Co. yesterday finished the brick work of the Cold Storage plant up to the square. The balance of the brick work will soon be completed.

Horace Thompson and wife, of Sandusky, O., who have been here looking after the beef sugar business, went last evening to North Vernon. Mr. Thompson is agent for establishing factories of the kind, and he is meeting with good success. He thinks our soil here is peculiarly well fitted for the culture of beets.

## DIED.

The grim messenger has again gotten in his work here, removing one of our best known German citizens in the person of Andrew Reichel, who departed this life at 11 o'clock Saturday forenoon, April 3, 1897, at his home in the third ward. He had been seriously ill, disposed for some months, and finally pneumonia followed which caused his death. His age was 74 years. He was one of the founders of the German Lutheran church here. He was an honorable and conscientious citizen and was held in high esteem and died as he had lived, without an enemy. A wife and five daughters, Mrs. W. H. Wente, Mrs. E. H. Albrand, Mrs. Henry Kisting, Mrs. George Shade and Mrs. John Schulte survive, who have the sincerest sympathy of all. The funeral will take place at 1:30 o'clock Monday afternoon from the German Lutheran church.

## DEATH OF C. E. WOODWARD.

Another former well known citizen of Seymour is dead. Charles E. Woodward, of the Hyatt House, of Washington, died at 9:15 o'clock Saturday morning, April 3, 1897, at his home with a complication of troubles, principal of which was paralysis and kidney trouble of long standing. Mr. Woodward was at one time proprietor of Lynn House in this city. He was a prominent citizen and held in high esteem by all. He was some fifty-five years old. A wife and one daughter survive.

## Stands at the Head

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for Consumption, Coughs and Colds. I cannot say enough for its merits." "Dr. King's New Discovery for Consumption, Coughs and Colds is not an experiment. It has been tried for a quarter of a century and today stands at the head. It never disappoints. Free trial bottles at W. F. Peter's, successor to J. H. Andrews & Co.'s, drug store.

Two years ago R. S. Warren, a druggist at Pleasant Brook, N. Y., bought a small supply of Chamberlain's Cough Remedy. He sums up the result as follows: "At that time the goods were unknown in this section; today Chamberlain's Cough Remedy is a household word." It is the same in hundreds of communities. Wherever the good qualities of Chamberlain's Cough Remedy become known the people will have nothing else. For sale by C. W. Milbous.

## Advertised Letters.

	GEORGE D. PRICE, P. M.

## STOLE CLOVER SEED.

Two Brownstown Young Men in Serious Trouble.

Thursday night two young men from the county seat determined to vary the dull monotony of ordinary life. They came to Seymour and hired a rig from a livery stable. They drove back to Brownstown to Frank Brannan's and loaded up three and a half bushels of clover seed. With this they returned to Seymour, sold the seed and returned the horse to the livery stable thinking their tracks were covered. But their work was soon found out and the young men will be arrested at once and can repent their folly at leisure. Both are connected with prominent families in Brownstown.

## CHARGED WITH LIBEL.

Editor Seifrit and Publisher Hastings of the Washington Gazette Arrest by a School Supply Man.

An information alleging criminal libel was filed in the circuit court at Washington yesterday against Frank I. Seifrit, editor, and Paris A. Hastings, publisher of the Washington Gazette. The suit was brought at the instance of James A. Thompson, a school supply man, who was accused of attempting to bribe a township trustee. Arrests will be made today. The defendants claim the publication was made on unimpeachable authority, and are not the least worried about the outcome. They insist that it means the unearthing of one of the most rotten gangs of school supply "sharks" in Indiana, and that the suit is merely a bluff.

Just try a 10c box of Cascarets, the finest live and bowel regulator ever made.

## PERSONALS.

J. F. Leonard, of Bedford, are in the city visiting friends.

A. M. Mason and Miss Lillie Mason came here this morning to spend Sunday with friends.

Want the State Encampment.  
The G. A. R. post, and citizens in general at Columbus are making an earnest effort to bring the 1898 encampment to their town. They seem to be going at it about right and we trust they will get the meeting. Columbus is a good place for the state encampment and the old soldiers would receive a warm welcome there.

Dangers of the Grip.  
The greatest danger from grippe is of its resulting in pneumonia. If reasonable care is used, however, and Chamberlain's Cough Remedy taken, all danger will be avoided. Among the tens of thousands who have used this remedy for the grippe, we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that this remedy is a certain preventative of that dread disease. It will effect a permanent cure in less time than any other treatment. The 25 and 50 cent sizes for sale by C. W. Milbous, druggist.

Vienna bread at Columbian Bakery.

To LOAN—Private money, from \$500 to \$1,000 on first mortgage security. 17mlw

**Read! Read! Read!**

REASONS why you should read the Cincinnati Daily

**Times-Star**

It has the latest and most reliable foreign as well as domestic news. It has better financial and market reports and more special correspondence than any other Cincinnati newspaper.

It contains twice as much news as any other paper sold at the same price.

It is a family paper, and has the largest home circulation of any paper printed in the Ohio Valley.

AGENTS WANTED EVERYWHERE. Write for sample copies and terms. Special rates to Postmasters. THE TIMES-STAR, Cincinnati, O.

John R. McLean's Great Newspaper.

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer.

For more successful publisher than any other, Mr. John R. McLean.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

**BUSINESS NOTES.**

Dr. Orvis made a business trip today to Scottsburg.

Garden making is the order of the day in the city now.

Will Harding, of Hayden, was in town this morning on business.

S. D. Davis and family, of Brown county, came to the city today to shop.

The city is full of people from all parts of the county on business and to shop.

George Lett, east of Crothersville, has a mare that gave birth to a horse and mule colt Wednesday.

John Snyder, of Reading township, is hauling a big lot of round timber to the Slack State Factory.

White river is getting quite low again and farmers are beginning to get in their work on the bottom lands.

Oscar E. Carter and A. K. Dannett will assist Township Assessor Hodapp list the property of Jackson township for taxation.

**Bicycle Store.**

The Timms Manufacturing Company will at once open a bicycle store in the Schneck room on West Second street. They will keep at the store a stock of their own wheels for sale and rent. Also in connection with the store they will have a repair department and a first class workman in charge. Heavy repair work will be done at their factory. This home industry is putting up first class wheels and are pushing their business in a manner that will win for them a good trade.

**Must File Bills Early.**

The new law in regard to filing bills before the county commissioners will go into effect at the June term. The law is to the effect that all bills coming before that body must be filed with the auditor five days prior to the first day of each session of the county commissioners.

**To Cure a Cold in One Day**

Take laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

Please buy and try a box of C. C. C. to-day, 10, 25, 50 cents. Sold and guaranteed to cure by all druggists.

**THE INDIANAPOLIS NEWS**

A Short History of Indiana's Greatest Newspaper.

Whatever excels interests. The loftiest mountain, the longest river, the largest city. Yet keener interest attaches to the greatest achievements of men—in oratory, statesmanship or war. The sharpest contest these days is between newspapers, demanding the greatest diversity of gifts, of knowledge and sagacity. In other fields the decision is doubtful, but in journalism the popular verdict is practically registered each day in the subscription list—a sort of Australian Ballot System. This test shows The Indianapolis News to have more bona fide readers than any other four Indiana Dailies combined. This makes good the above title. The whole State may indeed pride in another point scored by The News: it is conceded to have more circulation proportioned to population than any other American Daily. Whether this signifies greater enterprise in The News or a more intelligent reading people, or both is a question. No phenomenon exists without its adequate cause. The News itself gives two main reasons as follows:

(1) When The News began, twenty-eight years ago, every paper had its political alliance, slavishly espousing one party with its principles and candidates against all others, looking to that party in turn for support and patronage; the highest ambition was the organization of the party in State, district, county or neighborhood. The News believed that such a selfishness was not only bad for the country, but unconsciously, if not consciously, leading to the magnifying of what tended to help, and minimizing or suppressing what hurt the party. The News, therefore, swung loose from all entanglements and blazed a new way—absolute independence, not neutrality, which means no opposition; criticism not measures of either party; always taking sides, with a choice even between evils; distinguished between the freedom abuses of independence; not hesitating to ally itself with either party in turn to bring in reforms or break down abuses. While this course meant no political patronage and usually the anger of both parties at the same time, it found marvelous response in the universal American instinct of independent thought. It compelled respect and opened the door for readers in the ranks of all parties. This meant preponderance of circulation, which, in turn, means preponderance of advertisement. (2) The News was the first 2-cent paper in the West, all others 5 cents. Against such a price, it is now 25 per cent. larger, taking the six week day issues together, than any other Indiana daily, and sells at 10 cents a week delivered anywhere by carrier or mail, postpaid, against 15 cents a week, which is charged for the next best Indiana daily. No other paper in the State, at whatever price, now pretends to furnish equal quantity and scope of intelligence—a volume of telegraphic news and correspondence from all quarters of the globe; a harvest of State happenings; market quotations; extracts from the Supreme Court decisions for the legal profession; something for everybody in amount to stagger credulity.

It is estimated that not less than 150,000 people read The News every day. It maintains for the people cheap rates "Wanted" columns for advertising, by which millions of property changes hands annually without the owners ever seeing each other. Almost all have something to sell, trade or rent: a horse, cow, wagon, farm, mill or store, etc., etc. Express it in as few words as possible, then count every word and send as many cents as there are words to the printer and see the result. Or if preferred write out what you want and they will phrase the advertisement for you and return with the price.

**THE INDIANAPOLIS NEWS.**

Americans are the most inventive people on earth. To them have been issued nearly 600,000 patents, or more than one-third of all the patents issued in the world. No discovery of modern years has been of greater benefit to mankind than Chamberlain's Colic, Cholera and Diarrhoea Remedy, or has done more to relieve pain and suffering.

J. W. Vaughn, of Oakton, Ky., says: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family for several years, and find it to be the best medicine I ever used for cramps in the stomach and bowels." For sale by C. W. Milbous.

**DIED.**

Mrs. Aggie Mitchell died at 5 o'clock, Friday evening, April 2, 1897, with infirmity, aged some eighty years.

Stop dragging yourself with quack nostrums or "cures." Get a well known pharmaceutical remedy that will do the work. Catarrh and cold in the head will not cause suffering if Ely's Cream Balm is used. Druggist will supply the trial size or 50c. full size. We used it.

ELY BROS., 56 Warren St., N. Y. City. Rev. John Reid, Jr., of Great Falls, Mont., recommended Ely's Cream Balm to me. I can emphasize his statement.

"It is a positive cure for catarrh if used as directed."—Rev. Francis W. Poole, Pastor Central Pres. Church, Helena, Mont.

**Better Roads.**

The commissioners of La Verne county have just let contracts for a little more than \$61,000 worth of gravel roads.

The southern part of Indiana has been slow to improve its highways. No section can have proper development without good roads.

Owners of fish nets in this city and vicinity should look out. The new fish commissioner is causing arrests to be made in all sections of the state. The penalty for having fish nets in your possession ranges from \$50 to \$200 with a jail sentence added as good measure.

The Rev. W. H. Weaver, pastor of the U. B. church, Dillsburg Pa., recognizes the value of Chamberlain's Cough Remedy, and does not hesitate to tell others about it. "I have used Chamberlain's Cough Remedy," he says and find it an excellent medicine for colds, coughs and hoarseness." So does every one who gives it a trial. Sold by C. W. Milbous.

Howe Bratt, manager of the telephone exchange at Gallipolis, O., has been arrested, charged with embezzling office funds.

The court has denied a new trial to Bob Curry and Thomas C. Jones, murderers of Night Watchman Jesse Baker at Bowling Green, O.

Tobacco barn of Crockett Thomas near Caledonia, Ky., was destroyed by fire, 3,000 pounds of tobacco being burned. Loss, \$5,000; no insurance.

Whitecaps, it is said, have threatened Hiram Fox with death if he appears in court against his wife in divorce proceedings at Shelbyville, Ind.

John Sharp, farmer near Springfield, O., pulled the lower rails from a corn pen, when the whole pen fell on him, seriously, if not fatally, injuring him.

Governor Tanner of Illinois has appointed Dr. C. P. Lovejoy of Princeton, Bureau county, state veterinarian, vice Dr. M. R. Trumbower, resigned.

John A. Polk, president of the electric railroad company, desiring to build from Greenwood to Indianapolis, says the outlook is gloomy for the line.

**STEAMER GRIGGS GOES DOWN.**

Had on Board Passengers of the Ill-Fated Columbia—Four Lives Lost.

COLUMBUS, Ga., April 2.—The second steamboat disaster within two days occurred on the Chattahoochee river near Columbus, Ala., the steamer Griggs being sunk by striking a floating log. The Griggs was coming up the river and stopped at the scene of the wreck of the City of Columbus to take aboard her passengers, who had been compelled to wait there. The Griggs then proceeded on her journey. Seventeen miles from the wreck of the City of Columbus she struck an obstruction and soon sank. The passengers were asleep when the boat struck, but the shock aroused them and a panic ensued. In the excitement several persons jumped overboard. Before all on board had been taken off, the steamer went down. William Wells, the engineer, and four colored deckhands were drowned. Four deckpassengers, whose names are not known, are missing, and it is believed they were drowned. The boat and cargo are practically a total loss—estimated at \$40,000.

**Elopement in High Life.**

ATLANTA, Ga., April 3.—J. P. Atkinson, the 17-year-old son of Governor Atkinson, and Miss Ada Bryan Byrd, aged 14, eloped yesterday. They took a train for Tennessee, but fearing detection they left the train, secured a horse and buggy at Kingston and left for Rome.

**Coalbreaker Burned.**

WILKESBARRE, Pa., April 3.—The Malby breaker of the Lehigh Valley Coal company was destroyed by fire yesterday. Loss, \$60,000; insurance, \$50,000. Three hundred and fifty men and boys are thrown out of work.

**NEWS IN BRIEF.**

President McKinley has in contemplation a brief vacation from his official duties.

Ten thousand union brewery employees at Milwaukee have made a demand for an 8-hour day at 10 hours' pay.

A Pensacola (Fla.) dispatch says the cruiser Marblehead sailed from that port Friday for Key West on short notice.

Alex Terrell, colored, was hanged at Houston Friday for rape on the person of Mrs. Jackson, white, last December. He pleaded guilty on trial.

The Greenleaf-Johnson Lumber company of Norfolk, Va., lost 14 dry kilns, two fanhouses and \$50,000 worth of lumber by fire Friday night. Loss, \$23,500.

Joint Traffic association recommends to its members a rate of one fare and a third for individuals and one fare for organizations to New York on the occasion of the Grant monument inauguration.

**Kaiser and Painter.**

There was a touching exchange of compliments the other day between Emperor William and the Russian painter Verestchagin, whose works are now on exhibition in Berlin. The Kaiser went to the gallery and was gracious enough to remind the artist that they had met before. "Yes, your majesty," replied Verestchagin, "and then you were only 'highness,' but now you are 'majesty.'"

To this the Kaiser is said to have replied, holding out his hand, "And you, who were a great painter then, are now a greater one."

It is not altogether surprising that the Russian is reported as expressing deep respect for the emperor's critical powers, for that he quotes, as showing limitless historical knowledge, the emperor's declaration, made at this momentous interview, that "if ever a judgment of God broke over a man, it was over Napoleon at Moscow." Meanwhile Verestchagin's pictures will continue to reveal the horrors of militarism, and thus supply one with the pleasant mental recreation of wondering what Europe's one real war lord can see to admire in them.—New York Times.

**Electric Bitters.**

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alternative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison, headache, indigestion, constipation, dizziness yield to Electric Bitters. Try it once. 50c and \$1.00 per bottle at W. F. Peter's successor to J. H. Andrews & Co., Drug Store.

**Nature's Best Remedy**

**Paine's Celery Compound Prevents Nervous Breakdown.**

Spring has come. It is time for all persons to think seriously of their health. But that doesn't mean taking the first spring remedy that happens to be offered. Persons who make it their business to get the most effective remedy to be had are sure to carry home Paine's celery compound. No other remedy is capable of cleansing the blood, nourishing the nerves and regulating the bowels and digestive organs like Paine's celery compound.

If you are troubled at all by rheumatism, neuralgia, headaches or sleeplessness, even if the attacks come only now and then, now is the time to purify the system of them. Don't procrastinate and daily till frightened into doing something when you find that the task of getting well has assumed desperate proportions.

Paine's celery compound will cure kidney trouble, heart palpitation and disordered liver accurately, intelligently and permanently when other remedies only raise hopes that are never fulfilled.

Paine's celery compound which owes its origin to the most distinguished physician and investigator this country ever produced, Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth college, has been publicly indorsed among medical experts as the only spring remedy in any sense entitled to that name.

It can be said without fear of contradiction that no other remedy can truthfully refer to men and women so responsible, so trustworthy, so convincing, because of their straightforward enthusiastic and easily verified testimonials.

Yours very truly, (Signed) FLORENCE H. DANGERFIELD, Attorney and Counselor at Law. Paine's celery compound, which makes the weak strong, has received testimonials from thousands of people who had almost despaired of ever again being in perfect health.

**CURRENCY QUESTION**

H. H. Hanna Interviewed on the Proposed Monetary Commission.

**TO ESTABLISH HEADQUARTERS.**

It is the Desire of the Committee That Congress Authorize the Appointment of a Commission at This Session—Secretary Gage and the New Tariff Law. President McKinley Gives a Dinner.

WASHINGTON, April 3.—Eleven of the 15 members of the executive committee appointed by the Indianapolis monetary convention last January have been in the city for several days. That convention, composed of business men delegated by the boards of trade of 100 cities, decided to urge a commission to investigate the banking and currency laws with a view to their early revision, and the executive committee have decided to establish headquarters here in an endeavor to procure from congress such legislation at this session as will empower the president to appoint a committee to consider the subject before the regular session of congress convenes in December.

The headquarters will probably be in charge of H. H. Hanna of Indianapolis, one of the prime movers in the convention. The members of the committee have conferred with public officials and members of congress with regard to this matter and say they have met with no discouragement, although the situation relative to the tariff makes it of paramount importance that the fate of the bill in the senate should not be delayed or jeopardized. Mr. Hanna in an interview last night said in part: The real work which the committee has been appointed to do is to organize public opinion of citizens of each congressional district in favor of specific remedies to be enacted into the law. The readiness to undertake this work is the particular feature of this movement, which differentiates it entirely from any similar movement.

The committee recognizes that there has not been, at any time, a general agreement among organizations of business men even, of much less among citizens generally, all of whom are vitally affected. To procure such an agreement will, it is believed, be of the greatest service to congress, which is necessarily dependent for legislation upon such questions, upon some well defined public demand.

The conclusion of the committee have reached are: First that an act be promptly introduced in both houses providing for the appointment by the president of a monetary commission of 11 members, which shall, as soon as it may be possible, after the constitution and appointment thereof, enter upon a thorough and comprehensive study of the currency and banking affairs of the United States and the laws relating thereto, and no limit be placed upon the scope of such inquiry, or the manner of conducting the same.

The commission shall make, within four months after the date of their appointment, and not later than Oct. 1, 1897, a concise and exact report of their deliberations, conclusions and recommendations, covering the subject matter considered by them accompanying the said report with the proper bill or bills to carry their recommendations into effect.

The judgment of the executive committee is that the very early appointment of such a commission is of the first importance to the successful accomplishment of its work. It will be the purpose of this committee to see that the report of this commission is made the subject of study and action thereupon by the merchants, farmers, manufacturers, bankers, laboring men and all business and commercial interests.

It is the further judgment of this committee that the simple fact of the appointment of such a non-political representative commission would have an immediate and important effect in aiding the restoration of confidence throughout the country.

**CIVIL SERVICE RULES.**

Secretary Gage May Ask McKinley to Revoke Them as to His Department.

WASHINGTON, April 3.—Secretary Gage has under consideration the question of recommending to the president an amendment to the civil service rules allowing more discretion than is now given him in the appointment of a supervising architect of the treasury, and others of similar character, where it is believed the office is of too much importance to be subject to the ordinary civil service rules. The position of supervising architect is now in the classified service and, although of greater salary and importance than some filled by presidential nominations.

**MARKET QUOTATIONS.**

HOGS—Steady at \$3.00; 45c.  
SHEEP—Slow at \$3.00; 45c; choice lambs, lower at \$3.75; 50c.

can be filled only by the reinstatement of a discharged soldier or sailor, the transfer or promotion of some one now in the service or by competitive examination through the civil service commission.

**President Gives a Dinner.**  
WASHINGTON, April 3.—President McKinley gave a dinner of 27 covers at the white house last night, the guests including the present and past members of the ways and means committee of the house now in congressional life and a few others. The occasion gave an opportunity to the president to renew in a social way the friendships formed while a member of the house as a number of those present were his associates in that body during his congressional career.

**Working on the Tariff Bill.**  
WASHINGTON, April 3.—The Republican members of the senate committee on finance are continuing their work day and night on the tariff bill with the intention of reporting it to the senate at the earliest possible day. There is a well defined impression about the senate that the bill will be generally remodelled and the rates considerably reduced in many of the schedules.

**Rear Admiral Retired.**  
WASHINGTON, April 3.—The former order placing Rear Admiral Ramsay, chief of the navigation bureau, on the retired list, was issued yesterday from the navy department.

**Will Retain Samples.**  
Secretary Gage Will Comply With Certain Provisions of the New Tariff Law.

WASHINGTON, April 3.—Secretary Gage yesterday announced that he had decided to comply with the requirements of Section 27 of the pending tariff bill providing for the retention of

samples of merchandise imported under orders given subsequent to April 1 and which were not purchased and directed by the owner to be shipped for import into the United States prior to April 1.

This action, however, will be taken under section 249 of the revised statutes, which authorizes the secretary to exercise superintendence over the collection of customs duties. It is the opinion of Secretary Gage and the new assistant secretary, Mr. Howell, that no insurmountable difficulties will be encountered in the administration of this feature of the tariff bill. There can be no difficulty, it is said, as to articles which are to pay a specific duty, and as the whole tariff bill was framed with a general view to specific rather than ad valorem duties, a large proportion of the dutiable articles will be disposed of without the necessity of retaining samples. In some special cases, where the retention of samples would obviously work hardship to the importers, such as large and miscellaneous invoices of furniture, it is thought that this requirement may be waived on a clear stipulation as to character and value. The new regulations will shortly be promulgated.

**Resigned the Secretaryship.**  
WASHINGTON, April 3.—General William M. Osborne of Boston, recently appointed consul general to London, last night resigned the secretaryship of the Republican national committee. Senator Hanna, as chairman of the committee, appointed Major Charles Dick of Akron, O., to fill the vacancy.

**Water Famine in Cuba.**  
Water Rations of Prisoners and Sick Reduced on Account of Scarcity.

HAVANA, April 3.—There is a great scarcity of water at Santiago de Cuba and the authorities there have been compelled to reduce the water rations of the prisoners and sick persons in the jails and in the hospitals. A merchant of this city named Michelson has ordered a Philadelphia steamer, bound for Santiago de Cuba to load minerals, to carry water there for the thirsty residents. Four hundred casks of water arrived there as ballast on the steamer Eridania and thousands of persons gathered about the wharf in order to obtain some of the water.

**Sanguily Going Back to Cuba.**  
JACKSONVILLE, Fla., April 3.—Julio Sanguily has arrived here. He was secretly brought into the city by the Cuban Junta. He is now in hiding, and the Cuban leaders profess to know nothing of his whereabouts.

It is well known that he is here, but Spanish spies are on his trail, and to throw them off the scent he is kept in secret. He is bound for Cuba. It is said that he will take command of Rivera's forces. He is expected to sail Sunday.

**General Rivera to Be Tried in Havana.**  
MADRID, April 3.—General Ruis Rivera and Colonel Bacallao, his chief of staff, will be taken to Havana for trial before an ordinary court martial. The government so directs. It is not at all likely that the death penalty will be imposed upon either.

**St. Louis Banker Dead.**  
ST. LOUIS, April 3.—C. H. Bullen, president of the National Bank of the Republic of St. Louis, died here yesterday afternoon of pneumonia. Mr. Bullen was a native of Kentucky and had been president of the National Bank of the Republic since 1892. He was an officer of the National Bankers' association.

**THE KISS OF DEATH.**  
Consumption is abroad in the land and death may lurk in a kiss. Of course it is not as long as love rules the world, people will stop kissing. That leaves only one protection against consumption.

There is another and graver danger that threatens woman in the marital relation. It is the peril that attends maternity. No woman can safely become a mother who suffers from weakness or ill health of the delicate organs that bear the burdens of child bearing. Dr. Pierce's Favorite Prescription robs maternity of its unnatural terrors. It makes a woman strong and vigorous where she most needs strength and vigor. It banishes the annoyances of the period of anticipation and makes the little stranger's advent easy and almost painless.

**RUSHING OF WATERS**

Situation Along the Mississippi From Cairo Down Again Becomes Acute.

**HELENA'S DANGEROUS POSITION.**

Greenville, Miss., Surrounded and Rose-dale Ten Feet Under Water—More Breaks in the Levee Anticipated—Condition at St. Louis and Alton—Floods in the Northwest.

MEMPHIS, Tenn., April 3.—The flood situation has once more become acute from a point a few miles above Austin, Miss., as far down as the first break at Perthshire, Miss., and a crevasse in this line of levees would not be surprising. The pressure on the levee is brought about by the waters of the St. Francis basin which is here congested between the levees in front of Helena. There is no levee on the Arkansas side down to Sans Souci, to a point above Helena, a distance of 100 miles and it is at Austin that the levee system on each side of the river begins and goes to the passes below New Orleans. The waters are now so high in the St. Francis basin that the current rushes from the west and cuts along the east shore levee for miles and several alarming telegrams were received from Austin and the situation is most grave. Boats have been requested to run on slow bells and laborers are constantly strengthening the embankments. A crevasse at Austin would inundate a strip of fertile country 20 miles wide and 60 long.

Reports from Helena, Ark., show that the river there is still slowly rising and it is almost miraculous that the levees at Helena have not been swept away. Thousands of people have been working day and night and their energies are seemingly exhausted. The Missouri Pacific and Cotton Belt roads have rushed trainloads of material to the levees. The railroads have rendered great assistance to the levee boards.

Greenville is on an island and Rose-dale, Miss., is in water from five to 10 feet deep. The funds of a bank in Rose-dale have been moved to the second story. Back of Rose-dale and throughout the lower and middle delta country everything is under water. In many villages no communication with the outside world has been had for several days.

The threatened rise at Cairo is now a certainty. The Mississippi above Cairo certainly will send a great flood into the already filled St. Francis basin and from Cairo to Memphis, it is feared that the deluges will mark a high water figure that will be without a precedent.

At Memphis the river was steadily falling last night. The calls for assistance from numerous points along the river are becoming more and more frequent at headquarters of the relief committee. The committee is in receipt of information to the effect that there are some 15 or 20 white people, principally women and children, in great distress at a point near St. Clair's landing, about six miles from Mound City. These people are located in houses, the lower floors of which are overflowed and they have no food and no means of obtaining it.

**Situation at St. Louis.**  
ST. LOUIS, April 3.—The recent heavy rains are having an effect on the streams tributary to the Mississippi and Missouri rivers in Iowa, Illinois, Missouri and Kansas. As a result they are pouring torrents into those rivers and flooding the low lands through which they flow, causing considerable damage but, as far as known, no casualties. Weather observer Frankfield has warned people on this side of the river and in East St. Louis whose places are in danger of being flooded that the danger line will be reached within the next 24 hours. In addition the warnings were also sent to Clarksville, Canton, La Grange and Louisiana, Mo.; and Quincy, Alton and Grafton, Ill., apprising them of the expected rise. Mr. Frankfield says the two points where the greatest danger will exist are Hannibal, Mo., and Quincy, Ills.

**Improvement Noted in General Trade Notwithstanding the Floods.**  
NEW YORK, April 3.—The course of general trade shows some improvement notwithstanding an almost complete stoppage of business in the south Mississippi valley by washouts, overflows and floods. The condition of the country roadways throughout the central western states and the northwest is such as to still further delay collections and check demand from interior merchants. Another drop is recorded in prices of Bessemer pig iron and steel billets, and in wheat, flour, coal, coffee and lard, which is, in part, offset by increased activity and higher prices for wool and for woolsens, for corn, oats, sugar and petroleum. A heavy movement of fertilizers is reported in the south Atlantic states; interest in lumber and shingles has increased on the northwest Pacific coast and Galveston is exporting cattle to Europe direct. The most favorable trade reports are from Northwestern spring wheat states.

**Movement of Warships.**  
SAN DIEGO, Cal., April 3.—The flagship Philadelphia will sail tomorrow for Honolulu and everything is being rushed aboard her in the way of supplies. The Adams sailed yesterday for Magdalena Bay. The Albatross has orders to sail Monday to Catalina island for fish commission work and the revenue cutter Corwin has orders to join the Bering sea patrol in Alaska and will sail this month.

**L. S. Cash Dead.**  
OAKLAND, Ills., April 3.—L. S. Cash is dead. He was widely known, being for 22 years president of the Oakland National bank. He accumulated a large fortune, owning nearly 2,000 acres of fine land in this vicinity at his death, besides considerable bank stock and other property. He was a prominent member of the Methodist Episcopal church.

**Lieut. on the Hearse.**  
NICHOLASVILLE, Ky., April 3.—As the hearse which carried Betsy Carter to the cemetery and the back bearing the chief mourners were being driven up Main street two deputy sheriffs stepped out and levied on the vehicles for debt. The strange incident attracted a large crowd before the vehicles were allowed to proceed.

**Bank Suspends.**  
MORGAN, Tex., April 3.—The bank of the firm of John C. Tandy & Co., this city, has closed its doors. Assets and liabilities not given. It is believed the depositors will be paid in full, as Mr. Tandy is also president of the banking firm of Tandy, Patterson & Co. of Cameron, Tex.

**Sugar Refineries to Start Up.**  
PHILADELPHIA, April 3.—Owing to strong condition of the refined sugar market by Monday every refinery in the city will be running with a full force on regular time, which means employment of about 2,000 persons.

**ROYAL**

The absolutely pure

**BAKING POWDER.**

ROYAL—the most celebrated of all the baking powders in the world—celebrated for its great leavening strength and purity. It makes your cakes, biscuit, bread, etc., healthful, it assures you against alum and all forms of adulteration that go with the cheap brands.

ROYAL BAKING POWDER CO., NEW YORK

**UNDER FOREIGN OFFICERS.**

Germans Have Charge of Mobilizing Turkish Forces on Greek Frontier.

CONSTANTINOPLE, April 3.—It is stated on undoubted authority that the efficient manner in which the Turkish forces were mobilized on the Greek frontier is due to German officers, and it is added that all the plans of campaign entrusted to them to carry out have been prepared by able strategists in Berlin. The greatest confidence therefore, is felt in military circles here, as to the outcome of any conflict between Turkey and Greece.

In official circles it is declared that a direct agreement between Turkey and Greece would be hailed with the greatest satisfaction by the British government.

According to a telegram received by the Turkish government the Armenian revolutionists abroad intend to cause the resumption of rioting in Anatolia, about the middle of April when the snows are melted. This is an intimation that further massacres may be looked forward to at about the same time.

The bishop of Canes has sent a message of fervent appeal to the Christian peoples of Europe, imploring them to compel their government to stop bombarding and to cease opposing the unanimous desire of Greeks to escape tyranny by a union with Greece.

**Greek Ports to Be Blockaded.**  
ATHENS, April 3.—It was reported here last night that the Greek government has been notified semi-officially that a blockade of the

## THE ENDEAVORESS.

Many More Delegates Present Today—  
Sessions Last Night and Today.

The numbers of Endeavorers in Sey-  
mour today is much greater than yes-  
terday. Many more delegates arrived  
yesterday evening and this morning, so  
that all the sessions today were well at-  
tended. The program is being carried  
out almost as prepared.

The session at the Presbyterian  
church last night was largely atten-  
ded. After music and devotional exercises  
conducted by Miss Myrtle Jones, of  
Columbus, Rev. M. H. Appleby, pastor  
of the North Indianapolis Methodist  
church delivered an address on "Chris-  
tianity and the Kingdom of God." The  
address was very interesting  
and profitable to all present. Rev.  
Appleby is a good thinker and a pleas-  
ing speaker.

The meeting today are being held at  
the Christian church and well attended.  
In the absence of Rev. F. C. Hadd  
the devotional exercises this forenoon  
were conducted by Miss Jennie Masson  
of Indianapolis. With the exception of  
the "The Papers on Mission," to have  
been read by Miss Jessie Bandy, of  
North Vernon, who was absent, the  
program was carried out as prepared.  
At the noon hour all the visiting dele-  
gates went to the Presbyterian church  
where a bountiful dinner was served by  
the endeavor societies of the Christian  
and Presbyterian churches.

The session this afternoon was largely  
occupied by the Juniors, and was in  
charge of Miss Bessie Patrick, district  
superintendent. The session was one  
of the most interesting of the conven-  
tion. A large number of Juniors were  
present from Columbus, North Vernon,  
Brownstown and other societies in the  
district.

The officers elected for ensuing year  
are O. P. Sprong, North Vernon, district  
secretary; Miss Bessie Patrick, Seymour,  
district Junior Superintendent. The  
county secretaries chosen are Miss  
Martha Miller, Jackson county; Miss  
Sadie Adams, Bartholomew; and Miss  
Alice Wagner, Jennings county.  
The place of meeting next year was  
left to the executive committee.

**Deafness Cannot Be Cured.**  
By local applications, as they cannot  
reach the diseased portion of the ear  
There is only one way to cure deafness,  
and that is by constitutional remedies.  
Deafness is caused by an inflamed con-  
dition of the mucous lining of the Eus-  
tachian Tube. When the tube gets in-  
flamed you have a rumbling sound or  
imperfect hearing, and when it is en-  
tirely closed deafness is the result and  
unless the inflammation can be taken  
out, and this tube restored to its normal  
condition or hearing will be destroyed  
forever, nine cases out of ten are caused  
by catarrh, which is nothing but an in-  
flamed condition of the mucous surfaces.  
We will give One Hundred Dollars  
for any case of deafness caused by cat-  
arrh that cannot be cured by Hall's  
Catarrh Cure. Send for circulars, free.  
F. J. CHENEY & CO., Props. Toledo, O.  
Sold by druggists, 75 cents.  
Hall's Family Pills are the best.

**Death of Miss Newby.**  
We are called on to announce the  
death of Miss Winifred S. Newby, who  
died at 12 o'clock Friday night, April  
2, 1897, with spinal trouble, aged 16  
years. She was the daughter of Samuel  
Newby, and was born April 2, 1881.  
She was stricken down in July, 1892,  
and she lost her eye sight in May, 1894.  
She was a patient sufferer from the be-  
ginning of her affliction and always  
manifested a wish to have her sight re-  
stored. She was a model little lady  
and was held in the highest esteem by  
all that knew her. She united with  
the Baptist church March 22, 1896. Her  
parents have the sincerest sympathy of  
their large circle of friends. The  
funeral will take place from the Baptist  
church at 3 o'clock tomorrow afternoon.  
All friends of the family are invited.

**A Sincere Office Abolished.**  
The board of control for the central  
hospital for the insane has agreed to  
abolish the office of attorney for the  
board at its next meeting. The agree-  
ment is reached at the suggestion of  
the governor who believes the attorney  
general can attend to the legal business  
of the board.

**For Catarrh**  
**Kelly's Cream Balm**  
Cold in Head  
Apply into the nostrils. It is quickly absorbed. 50  
cents at Druggists or by mail; samples 10c, by mail.  
KELLY BROTHERS, 98 Warren St., New York City.

## BUSINESS NOTES.

The wheat elevators at the Blish mill  
are being repaired.

French Ragsdale, of Columbus, is in  
the city today on business.

W. H. Murray, of Crothersville, came  
up this morning on business.

William Riley, of Reddington, went  
today to Orange county to work.

Ewing Stillwell and wife came up last  
evening on business and to shop.

Henry Herman, of Brownstown, went  
today to Crothersville on business.  
Councilman James DeGolyer drove  
today to the county seat on business.

B. C. Lett, the mule merchant of  
Surprise, came to the city today on  
business.

L. F. Brannaman and Sheriff Clark  
came up this morning from Brown-  
stown on business.

John G. Willkom has just purchased  
a lot of fine Jersey cows and he will  
soon supply our people with plenty milk  
and butter.

Charles Steine, of the Buckeye Brew-  
ery, Cincinnati, who has been here on  
business and to visit Albert Myers, re-  
turned home last night.

Taskey & Co. yesterday finished the  
brick work of the Cold Storage plant up  
to the square. The balance of the brick  
work will soon be completed.

Horace Thompson and wife, of San-  
dusky, O., who have been here looking  
after the beet sugar business, went last  
evening to North Vernon. Mr. Thomp-  
son is agent for establishing factories of  
the kind, and he is meeting with good  
success. He thinks our soil here is  
peculiarly well fitted for the culture of  
beets.

## DIED.

The grim messenger has again gotten  
in his work here, removing one of our  
best known German citizens in the per-  
son of Andrew Kischel, who departed  
this life at 11 o'clock Saturday fore-  
noon, April 3, 1897, at his home in the  
third ward. He had been seriously in-  
disposed for some months, and finally  
pneumonia followed which caused his  
death. His age was 74 years. He was  
one of the founders of the German  
Lutheran church here. He was an  
honorable and conscientious citizen and  
was held in high esteem and died as he  
had lived, without an enemy. A wife  
and five daughters, Mrs. W. H. Wentz  
Mrs. E. H. Albrand, Mrs. Henry Kest-  
ling, Mrs. George Shade and Mrs. John  
Schulte survive, who have the sincerest  
sympathy of all. The funeral will take  
place at 1:30 o'clock Monday afternoon  
from the German Lutheran church.

## DEATH OF C. E. WOODWARD.

Another former well known citizen of  
Seymour is dead. Charles E. Wood-  
ward, of the Hyatt House, of Washing-  
ton, died at 9:15 o'clock Saturday morn-  
ing, April 3, 1897, at his home with a  
complication of troubles, principal of  
which was paralysis and kidney trouble  
of long standing. Mr. Woodward was  
at one time proprietor of Lynn House  
in this city. He was a prominent citi-  
zen and held in high esteem by all.  
He was some fifty-five years old. A  
wife and one daughter survive.

## Stands at the Head.

Aug. J. Bogel, the leading druggist of  
Shreveport, La., says: "Dr. King's New  
Discovery is the only thing that cures  
my cough, and it is the best seller I  
have." J. F. Campbell, merchant of  
Safford, Ariz., writes: "Dr. King's New  
Discovery is all that is claimed for it;  
it never fails, and is a sure cure for Con-  
sumption, Coughs and Colds. I cannot  
say enough for its merits. "Dr. King's  
New Discovery for Consumption, Coughs  
and Colds is not an experiment. It has  
been tried for a quarter of a century  
and today stands at the head. It never  
disappoints. Free trial bottles at  
W. F. Peter's, successor to J. H. An-  
drews & Co.'s, drug store.

Two years ago R. S. Warren, a drug-  
gist at Pleasant Brook, N. Y., bought a  
small supply of Chamberlain's Cough  
Remedy. He sums up the result as  
follows: "At that time the goods were  
unknown in this section; today Cham-  
berlain's Cough Remedy is a household  
word." It is the same in hundreds of  
communities. Wherever the good qual-  
ities of Chamberlain's Cough Remedy  
become known the people will have  
nothing else. For sale by C. W. Mil-  
house.

## Advertised Letters.

The following is the list of letters re-  
maining in the postoffice at this place  
and if not called for within 14 days will  
be sent to the dead letter office:

	Seymour G. B.
	Todd Capt A J
	GEO. D. PRICE, P. M.

## STOLE CLOVER SEED.

Two Brownstown Young Men in Serious  
Trouble.

Thursday night two young men from  
the county seat determined to vary the  
dull monotony of ordinary life. They  
came to Seymour and hired a rig from  
a livery stable. They drove back to  
Brownstown to Frank Brannaman's and  
loaded up three and a half bushels of  
clover seed. With this they returned  
to Seymour, sold the seed and returned  
the horse to the livery stable thinking  
their tracks were covered. But their  
work was soon found out and the young  
men will be arrested at once and can  
repent their folly at leisure. Both are  
connected with prominent families in  
Brownstown.

## CHARGED WITH LIBEL.

Editor Seifrit and Publisher Hastings of the  
Washington Gazette Arrested by a  
School Supply Man.

An information alleging criminal libel  
was filed in the circuit court at Wash-  
ington yesterday against Frank I. Seifrit,  
editor, and Paris A. Hastings, publisher  
of the Washington Gazette. The suit  
was brought at the instance of James  
A. Thompson, a school supply man, who  
was accused of attempting to bribe a  
township trustee. Arrests will be made  
today. The defendants claim the publi-  
cation was made on unimpeachable  
authority, and are not the least worried  
about the outcome. They insist that it  
means the unearthing of one of the  
most rotten gangs of school supply  
"sharks" in Indiana, and that the suit is  
merely a bluff.

Just try a 10c box of Cascarets, the  
finest live and bowel regulator ever  
made.

## PERSONALS.

J. F. Leonard, of Bedford, are in the  
city visiting friends.

A. M. Mason and Miss Lillie Mason  
came here this morning to spend Sun-  
day with friends.

Wait the State Encampment.

The G. A. R. post, and citizens in  
general at Columbus are making an  
earnest effort to bring the 1898 encamp-  
ment to their town. They seem to be  
going at it about right and we trust they  
will get the meeting. Columbus is a  
good place for the state encampment  
and the old soldiers would receive a  
warm welcome there.

## Dangers of the Grip.

The greatest danger from lagrippe is  
of its resulting in pneumonia. If rea-  
sonable care is used, however, and Cham-  
berlain's Cough Remedy taken, all dan-  
ger will be avoided. Among the tens of  
thousands who have used this remedy  
for la grippe, we have yet to learn of a  
single case having resulted in pneumo-  
nia, which shows conclusively that this  
remedy is a certain preventative of that  
dread disease. It will effect a perma-  
nent cure in less time than any other  
treatment. The 25 and 50 cent sizes for  
sale by C. W. Milhouse, druggist.

meeting Wednesday, 7:30 p. m.

Sunday school tomorrow will be held  
at 9 o'clock on account of the funeral  
of Mrs. Mitchell at 2 o'clock p. m.

Mrs. A. Inveen, residing at 720 Henry  
St., Alton, Ill., suffered with sciatic  
rheumatism for over eight months. She  
doctored for it nearly the whole of this  
time, using various remedies recom-  
mended by friends, and was treated by  
the physicians, but received no relief.  
She then used one and a half bottles of  
Chamberlain's Pain Balm, which ef-  
fected a complete cure. This is pub-  
lished at her request, as she wants oth-  
ers similarly afflicted to know what  
cured her. The 25 and 50 cent sizes for  
sale by C. W. Milhouse.

**For Sale.**

THE TIMES-STAR, Cincinnati, O.

**John R. McLean's Great Newspaper.**

Without a single exception, there is beyond doubt no greater or more popular newspaper in the United States than the Cincinnati Enquirer; and no more successful publisher than its proprietor, Mr. John R. McLean.

The old-time prices for the Daily Enquirer have been maintained, and its circulation largely increased each year; hard times and cheaper journals failing to arrest its onward march and high appreciation of the public for its true worth and merit.

The Weekly Enquirer at beginning of the campaign year was offered at 50 cents a year, and its circulation increased by the addition of over 200,000 new subscribers; the most substantial and coveted testimonial a publisher could desire.

When asked for the secret of such success, Mr. McLean frankly answers: The Enquirer has no opinions to force upon its patrons, it simply prints the facts and tells the truth that the reader may form his own opinions. By maintaining the price of the paper, more news and greater variety can be furnished, and every class of business interests catered to, which a cheaper journal cannot afford.

The very liberal support given the Enquirer by the public at large, makes incumbent upon the management to serve it faithfully with zeal and enterprise in minor matters as well as those of greater magnitude.

**BUSINESS NOTES.**

Dr. Orvis made a business trip today to Scottsburg.

Garden making is the order of the day in the city now.

Will Harding, of Hayden, was in town this morning on business.

S. D. Davis and family, of Brown county, came to the city today to shop.

The city is full of people from all parts of the county on business and to shop.

George Lett, east of Crothersville, has a mare that gave birth to a horse and mule colt Wednesday.

John Snyder, of Redding township, is hauling a big lot of round timber to the Slack State Factory.

White river is getting quite low again and farmers are beginning to get in their work on the bottom lands.

Oscar E. Carter and A. K. Dannettell will assist Township Assessor Hodapp list the property of Jackson township for taxation.

Bicycle Store.

The Timms Manufacturing Company will at once open a bicycle store in the Schneck room on West Second street.

They will keep at the store a stock of their own wheels for sale and rent.

Also in connection with the store they will have a repair department and a first class workman in charge. Heavy repair work will be done at their factory.

This home industry is putting up first class wheels and are pushing their business in a manner that will win for them a good trade.

Must File Bills Early.

The new law in regard to filing bills before the county commissioners will go into effect at the June term. The law is to the effect that all bills coming before that body must be filed with the auditor five days prior to the first day of each session of the county commissioners.

To Cure a Cold in One Day

Take laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. 25c.

Everybody Says So.

Caspar's Candy Cough Cure, the most wonderful medical discovery of the age, gently and refreshingly cures the lungs, gently and positively cures the liver and bowels, cleanses the entire system, dispels colds, cures headache, fever, habitual constipation, and biliousness. Please buy and try a box of C. C. Candy Cough Cure. Sold and guaranteed to cure by all druggists.

**THE INDIANAPOLIS NEWS**

A Short History of Indiana's Greatest Newspaper.

Whatever excels interests. The loftiest mountain, the longest river, the largest city. Yet keener interest attaches to the greatest achievements of men—in oratory, statesmanship or war. The sharpest contest these days is between newspapers, demanding the greatest diversity of gifts, of knowledge and energy of the press. In journalism the popular verdict is practically registered each day in the subscription list—a sort of Australian Ballot System. This test shows The Indianapolis News to have more bona fide readers than any other four Indiana Dailies combined. This makes good the above title head. The whole State may indulge pride in another point scored by The News: it is conceded to have more circulation proportioned to population than any other American Daily. Whether this signifies greater intelligence of the people, or both is a question. No phenomenon exists without its adequate cause. The News itself gives two main reasons as follows:

(1) When The News began, twenty-eight years ago, every paper had its political alliance, slavishly espousing one party, with its principles and candidates against all others, looking to that party in turn for support and patronage. The highest ambition was the ownership of the party in State, district, county or neighborhood. The News believed that such a party paper, not only biased the editorial mind, but unconsciously, if not consciously, lent aid and comfort to the wrong side, with a choice even between evils; distinguished between the freedom and slavery of the press; not hesitating to ally itself with either party in turn to bring in reforms or break down abuses. While this course meant no political patronage and usually the anger of both parties at the same time, it found marvelous response in the universal American instinct of independent thought. It compelled respect and opened the door for readers in the ranks of all parties. This meant preponderance of circulation, which, in turn, meant preponderance of advertising. The News was the first 3-cent paper in the West, all others 5 cents. Against universal prophecy that it could not live at such a price, it is now 25 per cent larger, taking the six week day issues together than any other Indiana daily, and sells at 10 cents a week delivered anywhere by carrier or mail, postpaid, against 15 cents a week, which is charged for the next best Indiana daily. No other paper in the State, at whatever price, now pretends to furnish equal quantity and scope of intelligence—a volume of telegraphic news and correspondence from all quarters of the globe; a harvest of State happenings; market quotations of all commodities; a list of twenty-four hours ahead of all morning papers; extracts of Supreme Court decisions for the legal profession; something for everybody—in amount to stagger credulity.

It is estimated that not less than 150,000 people read The News every day. It maintains for the people cheap rates "Wanted" columns for advertising, by which millions of property changes hands annually without the owners ever seeing each other. Almost all have something to sell, trade or rent: a horse, cow, wagon, farm, mill or ore, etc., etc. Express it in as few words as possible, then count every word and send as many copies as there are words in The News and see the result. Or if preferred write out what you want and they will phrase the advertisement for you and return with the price.

Americans are the most inventive people on earth. To them have been issued nearly 600,000 patents, or more than one-third of all the patents issued in the world. "No discovery of modern years has been of greater benefit to mankind than Chamberlain's Colic, Cholera and Diarrhoea Remedy, or has done more to relieve pain and suffering. J. W. Vaughn, of Oskott, Ky., says: "I have used Chamberlain's Colic, Cholera and Diarrhoea Remedy in my family for several years, and find it to be the best medicine I ever used for cramps in the stomach and bowels." For sale by C. W. Milhaus.

**DIED.**

Mrs. Aggie Mitchell died at 5 o'clock, Friday evening, April 2, 1897, with infirmity, aged some eighty years.

Stop dragging yourself with quick nostrums or "cures." Get a well known pharmaceutical remedy that will do the work. Catarrh and cold in the head will not cause suffering if Ely's Cream Balm is used. Druggist will supply the trial size or 50c. full size. We mail it.

ELY BROS., 56 Warren St. N. Y. City.

Rev. John Reid, Jr., of Great Falls, Mont., recommended Ely's Cream Balm to me. I can emphasize his statement, "It is a positive cure for catarrh if used as directed."—Rev. Francis W. Poole, Pastor Central Pres. Church, Helena, Mont.

**Better Roads.**

The commissioners of La Verne county have just let contracts for a little more than \$61,000 worth of gravel roads.

The southern part of Indiana has been slow to improve its highways. No section can have proper development without good roads.

Owners of fish nets in this city and vicinity should look out. The new fish commissioner is causing arrests to be made in all sections of the state. The penalty for having fish nets in your possession ranges from \$50 to \$200 with a jail sentence added as good measure.

The Rev. W. H. Weaver, pastor of the U. B. church, Dillaburg Pa., recognized the value of Chamberlain's Cough Remedy, and does not hesitate to tell others about it. "I have used Chamberlain's Cough Remedy," he says and find it an excellent medicine for colds, coughs and hoarseness." So does every one who gives it a trial. Sold by C. W.

**CENTRAL STATES NEWS.**

Linden, Ind., is without a saloon. The Dunkards of Wayne county, Ind., will join the colony in North Dakota.

John A. Polk, president of the electric railroad company, desiring to build from Greenwood to Indianapolis, says the outlook is gloomy for the line.

**STEAMER GRIGGS GOES DOWN.**

Had on Board Passengers of the Ill-Fated Columbia—Four Lives Lost.

COLUMBIA, Ga., April 2.—The second steamboat disaster within two days occurred on the Chattahoochee river near Columbia, Ala., the steamer Griggs being sunk by striking a floating log. The Griggs was coming up the river and stopped at the scene of the wreck of the City of Columbus to take aboard her passengers, who had been compelled to wait there. The Griggs then proceeded on her journey. Seventeen miles from the wreck of the City of Columbus she struck an obstruction and soon sank.

The passengers were asleep when the boat struck, but the shock aroused them and a panic ensued. In the excitement before the boats could be lowered several persons jumped overboard. Before all on board had been taken off the steamer went down. William Wells, engineer, and four colored deckhands were drowned. Four deckhands, whose names are not known, are missing, and it is believed they were drowned. The boat and cargo are practically a total loss—estimated at \$40,000.

**Elopement in High Life.**

ATLANTA, Ga., April 3.—J. P. Atkinson, the 17-year-old son of Governor Atkinson, and Miss Ada Bryan Byrd, aged 14, eloped yesterday. They took a train for Tennessee, but fearing detection they left the train, secured a horse and buggy at Kingston and left for Rome.

**Coalbreaker Burned.**

WILKESBARRE, Pa., April 3.—The Maltby breaker of the Lehigh Valley Coal company was destroyed by fire yesterday. Loss, \$40,000; insurance, \$50,000. Three hundred and fifty men and boys are thrown out of work.

**NEWS IN BRIEF.**

President McKinley has in contemplation a brief vacation from his official duties.

Ten thousand union brewery employees at Milwaukee have made a demand for a 5-hour day at 10 hours' pay.

The Japanese legation has received a dispatch from Japan denying the report that the crown prince is dead.

A Pensacola (Fla.) dispatch says the cruiser Marblehead sailed from that port Friday for Key West on short notice.

Alex Terrell, colored, was hanged at Houston Friday for rape on the person of Mrs. Jackson, white, last December. He pleaded guilty on trial.

The Greenleaf-Johnson Lumber company of Norfolk, Va., lost 14 dry kilns, two fanhouses and \$50,000 worth of lumber by fire Friday night. Loss, \$23,500.

Joint Traffic association recommends to its members a rate of one fare and a third for individuals and one fare for organizations to New York on the occasion of the Grant monument inaugural.

**Kaiser and Painter.**

There was a touching exchange of compliments the other day between Emperor William and the Russian painter Verestchagin, whose works are now on exhibition in Berlin. The Kaiser went to the gallery and was gracious enough to remind the artist that they had met before. "Yes, your majesty," replied Verestchagin, "and then you were only Verestchagin, and now you are 'majesty.' To this the Kaiser is said to have replied, holding out his hand, 'And you, who were a great painter then, are now a greater one.'"

It is not altogether surprising that the Russian is reported as expressing deep respect for the emperor's critical powers, for he quotes, as showing limitless historical knowledge, the emperor's declaration, that "if ever a judgment of God broke over a man, it was over Napoleon at Moscow." Meanwhile Verestchagin's pictures will continue to reveal the horrors of militarism, and thus supply one with the pleasant mental recreation of wondering what Europe's one real war lord can see to admire in them.—New York Times.

**Electric Bitters.**

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alternative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison, headache, indigestion, constipation, dizziness yield to Electric Bitters. Try it once. 50c and \$1.00 per bottle at W. F. Peter's successor to J. H. Andrews & Co., Drug Store.

**Nature's Best Remedy**

Paine's Celery Compound Prevents Nervous Breakdown.

Spring has come. It is time for all persons to think seriously of their health.

But that doesn't mean taking the first spring remedy that happens to be offered.

Persons who make it their business to get the most effective remedy to be had are sure to carry home Paine's celery compound. No other remedy is capable of cleansing the blood, nourishing the nerves and regulating the bowels and digestive organs like Paine's celery compound.

If you are troubled at all by rheumatism, neuralgia, headaches or sleeplessness, even if the attacks come only now and then, now is the time to purify the system of them. Don't procrastinate and daily till frightened into doing something when you find that the task of getting well has assumed desperate proportions.

Paine's celery compound will cure kidney trouble, heart palpitation and disordered liver accurately, intelligently and permanently when other remedies only raise hopes that are never fulfilled.

Paine's celery compound which owes its origin to the most distinguished physician and investigator this country ever produced, Prof. Edward E. Phelps, M. D., LL. D., of Dartmouth college, has been publicly indorsed among medical experts as the only spring remedy in any sense entitled to that name.

It can be said without fear of contradiction that no other remedy can truthfully refer to men and women as responsible, so trustworthy, so convinced, because of their straightforward enthusiastic and easily verified testimony.

It is foolish to take poor health "philosophically" these spring days. There is no reason why anyone should sit hands in lap, and submit to headaches, poor appetite, continual tired feeling or constipation. If every disheartened invalid will go right at getting well by using Paine's celery compound, that person will be astonished and delighted with the quickness with which this wonderful remedy is able to call a halt to wasting diseases, diseases of debility and a "run down" condition. Paine's celery compound does wonders in making people well.

Here is what a woman, an ambitious and hard working member of the legal profession in New York city, says of this great remedy:

220 4th Ave., New York.

While a student in the New York university law school and under great pleasure from work and study, I was advised to take Paine's celery compound. I did so, and its beneficial results to one whose nerves are under the trial of severe mental effort, I am only too ready to assert. After taking three bottles I found that it produced quietness of nerves, and induced sleep, very beneficial to my health. For those troubled with insomnia I can heartily recommend it as a harmless inducer of sleep on account of its quieting effect on the nerves.

Yours very truly, (Signed) FLORENCE H. DARGENFIELD, Attorney and Counselor at Law.

Paine's celery compound, which makes the weak strong, has received testimonials from thousands of people who had almost despaired of ever again being in perfect health.
